Why Resample the Data?

Resampling: Changing the frequency of the time series

Why Resample the Data?

To reduce the humongous amount of data captured

Resampling: Changing the frequency of the time series

Why Resample the Data?

- To reduce the humongous amount of data captured
- Forecasts required for a different frequency

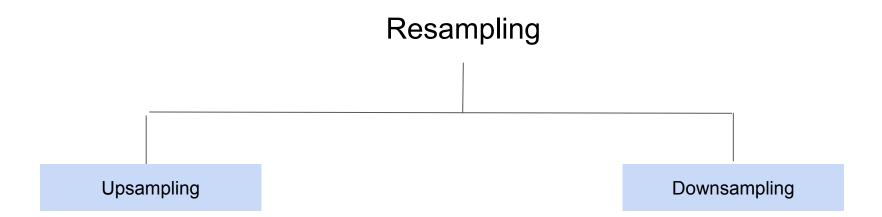

Resampling: Changing the frequency of the time series

Why Resample the Data?

- To reduce the humongous amount of data captured
- Forecasts required for a different frequency
- Reduce the noise in the data
